

WHAT *CFMU* STUDENTS ARE SAYING...

The online courses of CFMU were laid out beautifully and were simple to navigate. The material was so well-written and suggestions for launching our CFM made sense and were so valuable! The feedback I received on my coursework was timely and helpful as well. Well done!

I came to the CFMU training running to please people; I am leaving with a heart that is still and composed. Thank You, Lord, for using FICM to help me get off the performance treadmill and put my confidence fully in the finished work of Christ.

—Georgia

The Practicum was a warm, inviting, accepting and supportive group experience, with leaders committed to helping each other grow in ministry and in their personal faith in Jesus. There is a deep commitment to prayer and community. I am encouraged and inspired!

TRAINING *for* TRANSFORMATION

SINCE 1989, FREEDOM IN CHRIST MINISTRIES (FICM) HAS BEEN SERVING AND EQUIPPING THE CHURCH AND ITS LEADERS WITH TOOLS TO MAKE GROWING, FRUITFUL DISCIPLES. OUR VISION IS: “EVERY BELIEVER LIVING FREE AND FRUITFUL IN CHRIST.”

Building on Dr. Neil T. Anderson’s best sellers, *Victory Over the Darkness*, *The Bondage Breaker* and *The Steps to Freedom in Christ*, FICM-USA offers a comprehensive training institute called Community Freedom Ministry University (CFMU) equipping disciples to make disciple making churches.

- Have you been impacted by the truths of your new identity in Christ?
- Would you love to see others transformed by the message of Freedom in Christ?
- Do you sense the Lord calling you or someone in your congregation to establish a “freedom” discipleship ministry (CFM) in your local church?

THEN CFMU IS FOR YOU!

My experience with CFMU has given me the knowledge, confidence, love and support I need to go boldly forth as a gentle warrior in the battle to understand, accept, live in, and share God’s truth.

I loved the thought put into the entire CFMU training process. The online courses were helpful; the prayer support and community of students provided encouragement; and the Practicum brought everything together. I am excited and empowered to move forward with the launch of a Community Freedom Ministry (CFM).
